Why Jeff Harper Premium Video Services?

You can find lower prices, but ask yourself this: Do they shoot with the newest widescreen cameras? Are they full-time professional videographers? Most companies that use the new High-Definition cameras charge well over \$2000 for the same service that we provide. Why pay more? Our videos are shot and edited professionally to provide you with a keepsake you will treasure forever.

Features and Benefits of Our Service

- Established company with a 100% percent satisfaction rate.
- The highest quality video images anywhere: your video is shot with Full Widescreen Sony Hi-Definition Video cameras for the best quality video.
- Better quality than companies that charge twice as much.
- We are as unobtrusive and discreet as possible.
- We use highest-quality wireless microphones for great audio.
